

RESIDENTIAL REFUSE COLLECTION GUIDELINES

Town of South Windsor

Place trash and recycling containers on the edge of your lawn or curb about 3 feet apart, with the wheels facing towards your home.

Curbside collection of refuse takes place once each week on the same day based on existing schedule.

All bagged refuse must be placed in the container, or it will not be collected. Trash containers should not be overfilled, and the top of container should close.

Place garbage & recycle bins the night before your scheduled pick-up. Routes may change and can alter pickup time.

All refuse containers are the property of the contractor. DO NOT take the refuse or recycling container if you move or sell your house.

Contact All American Waste for any questions pertaining to collection of Refuse, Recycling, Bulky Waste, and Scrap Metal
